

# Winters Approvals / Certifying Agencies

## CRN (Canadian Registration Number)

The Canadian Registration Number (CRN) is a number issued by each province/territory in Canada to the design of boilers, pressure vessels or fittings. Industrial instrumentation such as pressure gauges, thermometers and related accessories all fall under this jurisdiction. The CRN identifies that the design has been accepted and registered for use in that province/territory. Please refer to the individual product pages to see if a series is CRN registered.

| Prov. | Pressure Gauges | Diaphragm Seals             | Thermowells  | Mini Ball Valves | Needle Valves | Multiport and Block & Bleed Valves | Cooling Towers, Syphons, Snubbers and Test Plugs | WinSMART™/ Transmitters/ Switches        | Over-pressure Protector |
